

FIFTH INTERNATIONAL CONGRESS FOR THE STUDY
OF CHILD LANGUAGE

JULY 15-20, 1990
BUDAPEST, HUNGARY

ABSTRACTS

**Edited by the Organizing Committee of the
Fifth International Congress for the Study of Child Language
Research Institute for Linguistics
of the Hungarian Academy of Sciences**

The first part of the volume contains, in alphabetical order, the abstracts of the papers, posters and workshop presentations included in the programme of the **Fifth International Congress for the Study of Child Language**. The code letters placed in the bottom right corner of each page indicate the type of presentation:

SP = Section Paper
PP = Poster Presentation
WP = Workshop Presentation

The second part of the volume contains the workshop proposals and the list of contributors in each workshop.

Abstracts are reproduced in their original form (except for cases when format requirements were not fulfilled by authors).
